These training sessions provide information and motivation that will energize your workplace campaigns. Participants will leave enthused and with a personal understanding of how their efforts are helping Lane County residents access the building blocks for a good life – education, income, and health.

Who Should Attend?

The sessions are designed for Employee Campaign Leaders (ECL) and those interested in learning how to organize and implement a fun, effective United Way Campaign.

We encourage campaign committee team members to join their ECL in this valuable opportunity to see their contributions at work. Meeting the amazing people who serve Lane County's most vulnerable residents is always inspiring.

We look forward to seeing you!

LIVE UNITED
GIVE. ADVOCATE. VOLUNTEER.

LIVE UNITED
EDUCATION. INCOME. HEALTH.

Special Company Trainings

For companies who have campaign committees with 15+ people, a special Employee Campaign Leader training for that workplace can be arranged.

Agency Tours

Visiting United Way of Lane County partner agencies is an important step toward understanding the scope of need that exists in the community and how these programs are working hard to meet the greatest needs. If you are interested in visiting a program not scheduled on your selected training day, please contact us and we will arrange to have you accompany us on that tour.

We would also be happy to arrange agency tours for workplace groups. Visiting agencies is a very effective way to see how lives are improved.
