## EDUCATION

United Way of Lane County's early learning and education efforts are focused on ensuring that children are prepared for success in kindergarten and beyond, that families are stable and attached, and that services are coordinated into an effective system that meets the needs of families with young children.

This work is carried out by providing backbone support to groups like the Early Learning Alliance and LaneKids, as well as funding partner programs pivotal to the success of children and families.

## INCOME

United Way of Lane County's financial stability work is focused on Providing Lane County residents with the knowledge, tools and resources to get to the end of the month with money left over.

This work is carried out by the convening of the Financial Stability Partnership, as well as funding to both strategic partnerships to grow resources and financial literacy and by supporting the basic needs of our community.
