

## UNITED WAY ISN'T ABOUT SHORT-TERM CHARITY; IT'S ABOUT CREATING LASTING CHANGE.

When we think about how families thrive, we don't just consider what happens inside the home, we also think about what happens in the schools, childcare centers, community centers, doctor's offices, financial institutions, and workplaces. We look at the big picture, analyzing what resources are lacking and how we can create opportunities for a better life for all.

When you give to the **LIVE UNITED Fund**, your dollars will be invested wisely. Grants are awarded to programs through the careful and thoughtful deliberation of community members who serve on the Community Investment Committee with the intention of creating the greatest impact for our community.

*Together, we can grow a stronger community.*
